Frankfurt am Main, June 2, 2025 – Booking a meeting room at the touch of a button: The Sheraton Frankfurt Airport Hotel & Conference Center is setting a strong example for the future of flexible meeting formats. With the new “RealTime Reservation” system, users can select the ideal meeting room, define the timing, and conveniently book online in real time with just a few clicks.

Five boardrooms as well as Studio 1+2 can be reserved in just a few steps—equipped with state-of-the-art technology and, upon request, complemented by culinary offerings from the hotel’s room service menu. With “RealTime Reservation,” the Sheraton Frankfurt Airport Hotel & Conference Center provides an ideal solution for short-notice business meetings, flexible team sessions, or confidential client discussions—directly at the airport and therefore in an unbeatable central location. Customers can receive a ten percent discount on bookings using the code “Connect10.”

Whether planned or spontaneous, the new booking function offers companies a convenient way to secure professional spaces for meetings, workshops, co-working sessions, or creative brainstorming—even at short notice, without long lead times and with maximum flexibility.

All meeting rooms are equipped with a screen, HDMI cable, and high-speed Wi-Fi. Between 8:00 AM and 6:00 PM, customers can easily select a boardroom for up to eight people or Studio 1+2 for up to ten people via the website and book it instantly—just like reserving a hotel room. The minimum booking duration is four hours.

Upon request, delicious food and refreshing beverages from the hotel's room service can be added individually. Access to the rooms is provided either directly via the on-site Meeting Concierge or at the reception desk, where guests receive their key in person.

Currently, five boardrooms and Studio 1+2 are available, with plans to expand the offering to additional spaces in the future. Payment is processed conveniently by credit card.

Rick Enders, General Manager of the Sheraton Frankfurt Airport Hotel & Conference Center, says:

*"With RealTime Reservation, we are responding to the growing demand for spontaneous and efficient meeting solutions—right where international journeys intersect. The ability to book a room in real time makes business planning easier than ever."*

## **Sheraton Frankfurt Airport Hotel & Conference Center**

The Sheraton Frankfurt Airport Hotel & Conference Center and the Frankfurt Airport Marriott Hotel form the world's first combination of two premium Marriott International brands under one roof and are among the largest airport hotels in Europe.

Thanks to their prime location between the check-in counters of Frankfurt Airport Terminal 1 and the AIRail ICE long-distance train station in "The Squire" complex with its "New York City," they are a sought-after address for business meetings, conferences, and events in the economic hub of the Rhine-Main region.

The Sheraton spans two of the three building sections and offers 784 soundproofed and air-conditioned guest rooms, as well as a modern 275 m<sup>2</sup> Sheraton Club. The culinary offering—including two restaurants, two bars, and an atrium bar—is available to guests of both hotels.

At the heart of the complex, in a light-filled atrium, The Eatery kitchen and bar serves a wide variety of dishes from early morning until evening. The restaurant Flavors is known for its modern, internationally inspired cuisine and premium dry-aged meats. The Bar and the adjacent Davidoff Lounge, the only smoking lounge at the airport, offer high-quality spirits and cigars in a lively atmosphere.

The three-level conference area, spanning more than 4,100 m<sup>2</sup>, includes 58 modern meeting rooms with natural daylight, as well as spacious breakout lounges for breaks and group discussions. The spaces are suitable for both small and large groups, including a Congress Center for up to 1,200 participants.
